

06.06.2016 | AIR CARGO UNITES SOCCER AMATEURS

May, 28 – AirBridgeCargo team participated in the annual Soccer Tournament which was organized by Air Cargo Netherlands (ACN) and Soccer Club "Nieuw Sloten" and took place at the sport grounds of Stolen.

This year the tournament brought together 16 soccer teams, with all the participants longing for the 2016 ACN trophy. Most of the teams are related to Schiphol airport and work together on a daily basis which in its turn made the atmosphere of the competition more relaxed and amicable.

Among semi-professional teams AirBridgeCargo Airlines was very well represented by its own members, as well as supporters from “Friends of ABC”, since some of operations staff had to perform their primarily job and send ABC’s airplanes in the air safe and sound. In the end, ABC came in a good third which is rewarding and gives the right motivation for next year’s participation and additional training.

AirBridgeCargo’s multinational team is always willing to support aviation and air cargo sport events and takes part in other tournaments in different parts of the world, among them being golf, mini-football, volleyball and others, thus demonstrating “a sound mind in a sound body”.
