

PRESS RELEASE

07.02.2020 | AirBridgeCargo Airlines changes it's China flights from scheduled to charter mode.

On February 4th AirBridgeCargo Airlines (ABC) elaborated the roadmap in response to coronavirus outbreak in China, Wuhan Province in particular transferring scheduled flights to China into charter mode until February 12th.

We also can provide service on our partnering airlines with AN-124-100, IL-76 and Boeing 737. Schedule updates to be sent in the beginning of next week (by February 10th).

The decision is based on current situation in China, productions in the mentioned Provinces and Municipalities is officially halted until further notice as the workers are not allowed to go back to work as originally scheduled, thereby extended Holiday cancellations are to be in place.

AirBridgeCargo Airlines - part of Volga-Dnepr Group imposed “Staff and Crew Health instructions in relations to new Corona virus 2019-nCoV”. These instructions are active for all airlines within the group.

In company's HQ we set up a dedicated team to make sure our clients receive information and support 24/7.
